## New Look, New Home

The Acorn has some exciting news! Along with its new design, it will also have a new home – the internet. All future editions will become PDF documents readily accessible at:

- [www.candlelightoaks.com](http://www.candlelightoaks.com) under the Resources tab
- Residents of Candlelight Oaks (ROCO) Facebook page under Files
- and **emailed directly to residents**’\*

The COCC Board voted for the change and has decided it will no longer be providing printed paper versions. This will be the last printed Acorn edition.

### Key benefits to a digital newsletter: Better for the environment.

Less paper waste put in your mailbox and landfills is a step in the right direction to protecting our planet.

**Cost savings for everyone.** Keep HOA fees down by eliminating the costs associated with print production. These savings can be put towards neighborhood beautification projects.

**Never forget your copy at home.** Easy access will give you the opportunity to read the Acorn wherever you go. With your smart phone, tablet, laptop or computer you'll be able to catch up on the neighborhood news at a time that fits your schedule.

**Easily share articles and news with friends.** Digital files and weblinks are easier to send than paper via email/text to family and friends who live outside of our area.

**Digital files are easier to archive past information.** Can't remember the name of the business handling our landscaping? Want to see photos from a previous neighborhood gathering? Open up the newsletter archive on your preferred screen to search for the information you need.

All these benefits are a move in the right direction to making Candlelight Oaks a stronger, better connected neighborhood for our residents.
